The screenshot shows a presentation slide with a central circular diagram. The diagram is divided into five colored segments: green (top), orange (right), red (bottom), blue (left), and grey (center). The center is labeled 'Evaluation Process'. The segments are labeled: 'Determine Goals' (green), 'Assess Institutional Status, Needs & Trends' (orange), 'Develop Action Plan' (red), 'Implement Plan' (blue), and 'Monitor & Evaluate' (grey). The slide is displayed in a window titled 'Determining Institutional Status'.

The screenshot shows a presentation slide with the following text:

What is Assessment

- The word 'asses' comes from the Latin verb 'assidere' meaning 'to sit with'
- An assessment one is supposed to sit with the learner. This implies it is something we do 'with' and 'for' students and not 'to' students (Gronn, 1999).

Below the text, there is a word cloud with the word 'assessment' being the most prominent.

Lesson Plan - 01

Date

Class = 8th ..

Subject - Maths

Period = 3rd

Topic - "Pythagoreus Theorem", Time = 45 mint

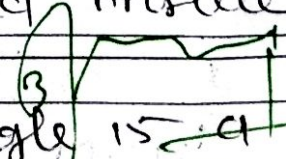

General Aim \Rightarrow • To create interest in maths
• To make maths understanding and easy for students

Specific Aim \Rightarrow Giving the general information about the topic to students.

Previous knowledge \Rightarrow The pupil will be able to recall about triangle and pythagoreus Theorem.

Teaching Aid :- Chalk, Duster, Blackboard Pointer etc ..

Introduction :-

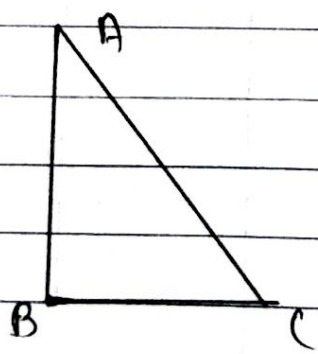

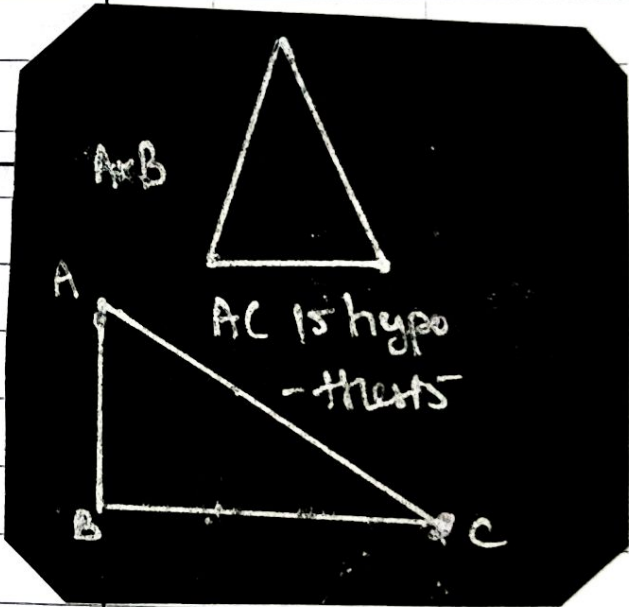

S.No.	Questions	S.No.	Expected Answer
01.	What is triangle	01.	A triangle is a polygon with three edges 

Sandipani Academy
Achohi, Dist. Durgam Ch

Explanation of Pythagoras Theorem
 Pythagoras a student of sixth century B.C. is said to have found a very important property of light.

student will listen and understand carefully

Activity: Teacher will perform an activity making right angle with an hypothesis.

AC is hypothesis and AB BC are Right angle

Theory model: The 2 squares are identical area enclosed
