HANDBOOK OF NATIONAL EDUCATION POLICY 2020

Editors
Dr. Veena Bhalla
Mamta Rani Agarwal

Foreword by Distinguished Academician
Prof PB Sharma
Founder Vice Chancellor DTU and RGPV
Past President of AIU

HANDBOOK OF NATIONAL EDUCATION POLICY 2020

Education system in India was passing through a critical phase. It took many years to bring this National Education Policy 2020. The present book covers all the stages for preparing this policy from 2016 to 2020. The vision of India's new education system has accordingly been crafted to ensure that it touches the life of each and every citizen, consistent with their ability to contribute to many growing developmental imperatives of this country on the one hand, and towards creating a just and equitable society on the other. It will be clear in the new National Education Policy about the revision and revamping of all the aspects of the education structure, its regulation and governance, to create a new system that is aligned with the aspirational goals of 21st century education, while remaining consistent with India's traditional and value systems. The implementation of previous policies on education has focused largely on issues of access and equity. The unfinished agenda of the National Policy on Education 1986, modified in 1992 is appropriately dealt with in this Policy. This new NEP envisaged that a good education institution is one in which every student feels welcomed and cared for, where a safe and stimulating learning environment exists, where a wide range of learning experiences are offered, and where good physical infrastructure and appropriate resources conducive to learning are available to all students.

Dr. Veena Bhalla retired as Joint Secretary from Association of Indian Universities in 2017 after attaining the age of 62 years and again served AIU as Consultant for 2 years (2017-2019). In 2019 she joined her present assignment in Dr. D Y Patil Vidyapeeth, Pune as Consultant.

She has published 35 papers, co-authored 8 books and has assisted in editing 8 books. She edited 21 Handbooks including Universities Handbooks brought out by AIU. Ten books have been co-authored by her. She has supervised the prepared Question Banks at undergraduate and post graduate level in 23 subjects. She has been UGC nominee of the Committees for granting the autonomous status to the colleges. She is UGC nominee on Governing Bodies of Colleges. She has served as member of NAAC Committee and visited many colleges for their accreditation.

Mamta Rani Agarwal has extensive academic experience of more than 20 years; working at Higher Education sector and apex national-level academic bodies. She is presently working as Additional Secretary, Association of Indian Universities (AIU). Prior to this, she worked as Joint Secretary, University Grants Commission (UGC) and Director, Education New Delhi.

Mrs. Agarwal has been an International Speaker at the University of Columbia, New York on 'Urban Education: Innovations in K-12' and in the global summit on 'Reforming School Systems in Global Cities' New York. She has been part of many academic delegations / conferences, authored Concept Revision Books and published papers. She is His Excellency, the President of India's nominee on the Board of Governors (BoG) of National Institute of Pharmaceutical Education and Research (NIPER), Kolkata, an Institute of National Importance and Board of Governors (BoG)/Governing Bodies member in many Universities / Colleges. She has been a member of many UGC and NAAC Committees and a resource person on varied subjects such as Higher Education Policies, Planning & Implementation, Benchmarking and Global Ranking, National Education Policy, Gender Inclusion, etc. for National Institute of Technical Teachers' Training and Research (NITTTR), Chennai and many other Universities.

INTELLECTUAL PROPERTY RIGHTS

NATIONAL POLICY OF INDIA

PATENTS, TRADE-MARKS, COPY-RIGHTS etc.

DR. PAWAN SIKKA

India unveiled its first a comprehensive, **National Intellectual Property Rights (NIPRs) Policy-2016**, on 13 May 2016, aimed at fostering innovation, cutting delays in clearing patent, trademark and copyright applications; protecting traditional knowledge and encouraging entrepreneurship. It is likely to bring India's IP regime in line with global standards and help improve its ranking in the World Bank's Ease of Doing Business Index. The new NIPRs Policy-2016 will speed up the entire registration of patents and trade-marks, etc.

The NIPRs Policy-2016 has generated unprecedented responses within and outside India. A critical review of the said NIPRs Policy-2016 has been made by various scholars, published elsewhere and these are compiled and included in this book for the benefit of researchers, policy planners, academicians, legal professionals etc

Dr. Pawan Sikka (b-1944) is a former Scientist-G./Adviser, Government of India, Ministry/Department of Science and Technology, New Delhi, where he served in various senior positions, during 1974-2004.

He received his M.Sc., Ph.D as well as D.Sc. degrees in Physics and Fellowship (Science Policy Studies), University of Oxford, Oxford, United Kingdom. He is also a recipient of Unesco, Italian, German and Swiss government scholarships for pursuing further studies there.

He is best known for his contributions to Science Policy studies, in India and abroad. He is a life member of the—Semiconductor Society of India, Materials Research Society of India, Association of British Scholars, and Oxford and Cambridge Society of India.

Skill India
कौशल भारत - कुशल भारत

Digital India
Power To Empower

DIGITAL INDIA

National Policies, strategies and promotional measures adopted earlier in the 20th century by the Government, since the last Industrial policy was enacted in 1991, for the industrial growth in India, can not now deliver the meaningful results, import and export targets, economic growth parameters etc in the 21st century. The introduction of ICT (Information and Communication Technology) as well as, the new initiatives of the government i.e. Make in India Skill India, Start-ups, Digital India etc besides the enactment of Goods and Service Tax (GST) Bill-2016/2017 etc have further enhanced desires of meeting the rising expectations and challenges of the domestic and foreign markets of "Make in India' products.

A need has been emphasized in this book: **Industrial Policy of India-New Initiatives of the Government, Public Policy and Governance in India**, for the early formulation and enactment of a new National Industrial Policy of India, say in 2017, with a forward looking approach, towards catching-up of the new and emerging scenarios of the industrial developments in India and abroad, in the new millenium.

Dr. Pawan Sikka (b. 1944) is a former Scientist-G, Advisor, Government of India, Department of Science and Technology (Ministry of Science and Technology) New Delhi.

He has received his M.Sc.; Ph.D as well as, D.Sc. degrees in Physics. He is recipient of the Commonwealth Visiting Fellowship (1984-85), at the University of Oxford, Oxford,

U.K. for carrying out Science & Technology Policy and Society and Government related studies to shape the national and international development agenda. He also received Italian, Sweeden, Switzerland, Unesco etc scholarships for understanding the progress of science, technology and industry there. He is well-read author and widely travelled in India and abroad. He is a Life-member of the: Materials Research Society of India, Semi-conductor Society of India, Association of British Schoalrs (British Council) and Oxford and Cambridge Society of India.
