VRF is concerned with improving the educational process by encouraging scholarly inquiry related to education and evaluation and by promoting the dissemination and practical application of research results. VRF is working for research and development for both higher Education and School Education. The foundation is known for research.

About the International Seminar

The Indian Knowledge System (IKS) encompasses a rich array of traditional wisdom, including philosophy, arts, sciences, mathematics, sustainable practices, and ethical frameworks, developed over millennia. Integrating IKS with modern education presents an opportunity to create a more holistic, inclusive, and culturally relevant educational experience, aligning with the goals of India's National Education Policy (NEP) 2020. The integration of IKS into modern education is a timely and critical effort that can contribute to holistic, sustainable, and culturally rooted education. By aligning this integration with NEP 2020's goals, India can foster a generation of learners who are not only grounded in their cultural heritage but also equipped to address the global challenges of the 21st century. Effective frameworks for integration, including curriculum design, pedagogy, teacher training, and use of technology, will be key to successfully embedding IKS into mainstream education.

Learning Outcomes of the Seminar

On successful completion of the International Seminar the participants will have developed a deeper appreciation of the potential of IKS in modern education and the tools necessary to integrate it effectively into curricula, fostering an education system that blends the best of Subthemes.

Subthemes

- Philosophical Foundations of IKS in Modern Pedagogy
- Incorporating Ancient Sciences and Mathematics
- Indian Knowledge Systems and Technology
- Ethics and Values-Based Education
- Language and Literature Integration
- Traditional Arts and Aesthetics in Creative Curriculum
- Yoga, Meditation, and Mental Wellness in Modern Education
- Entrepreneurship and Vocational Education in Traditional Crafts and skills
- Teacher Training and Curriculum Development
